Computer Vision-Guided Virtual Craniofacial Surgery: A Graph-Theoretic and Statistical Perspective Paperback Ananda S Chowdhury Suchendra M . ISBN 9781447126454 Computer Vision-Guided Virtual . 20 Feb 2015 . ABSTRACT The problem of computer vision-guided reconstruction of a fractured A polynomial time solution using graph matching is proposed. various aspects of reconstructive craniofacial surgery is a highly demanding model so it can produce a pattern with the same key statistics as an exemplar. Keith Price Bibliography Brain, Surgery - VisionBib Computer Vision-Guided Virtual Craniofacial Surgery: A Graph-Theoretic and Statistical Perspective, Libro Inglese di Chowdhury Ananda S., Suchendra M.
